Assigning Effects

Different effects may be assigned to a design. Effects may be changed after you have drawn your Design.

The default effect is Cut -Through.

1. Select the section/s you wish to change, there are two methods of doing this.

   - Hold down the shift key on your keyboard then select each section.
   - Drag a box around the sections you require.

2. When you have a section/s selected choose the required effect from the drop down list.
